Dear Jane ,

We really appreciate all the effort that the whole school community in Ballyfin National School put into organising your Jersey Day. We hope everyone enjoyed the day while raising vital funds for GOAL.

Your generous donation of **€548.40** allows GOAL to be an agile first-responder to humanitarian crises and work with vulnerable communities helping them recover and rebuild their lives.

As the conflict in Ukraine continues, the UN Office for Coordination of Humanitarian Affairs estimates that there are now seven million internally displaced people. GOAL teams are working hard to provide food, furniture, white goods, bedding and generators to those in need. Your fundraising on Jersey Day enables GOAL to be there when it matters most.

In East Africa relentless heat has dried up wells and rivers. Crops have vanished - and swarms of desert locusts have devoured what little manages to grow. Because of your support, GOAL teams can continue to provide hope to families in the world's poorest communities, delivering water, food and medical support to the people of Ethiopia, Sudan and South Sudan

For those in crisis, you have offered them a lifeline this Jersey Day.

THAT'S WHAT GOALIES DO.

Thank you from all at GOAL,

David Burns

Senior Fundraising Manager – Partnership and Events
